## BUSINESS COACHING SERVICES

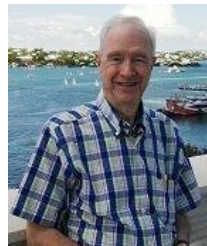

At Bermuda Business Coach we recognize the uniqueness and complexities of each and every business. To be truly successful individual coaching is required to identify, manage, and achieve specific goals. Our team has had a winning history helping entrepreneurs transform a concept into thriving business success stories.

### BUSINESS COACHING

- Envisioning and goal setting
- Strategic short and long-term plans to achieve goals

### RETIREMENT PLANNING

- Pre-retirement envisioning, planning and post-retirement support

## WORKSHOPS

We have designed the **Awaken Workshop Series** to help individuals create realistic and achievable career and life plans. The workshops help participants unlock their dreams and discover ways to transform them into reality. Professionally designed, the workshops are highly interactive with specific learning goals and deliverables. All participants produce the outline of a strategic plan to help them move forward in their chosen life journey.

### Awaken Retirement Series

A series of workshops to help address changes in lifestyle, determine where you will live, how to best spend your days, create extra income, travel considerations, maintain your health, improve relationships and more.

### Awaken Work Readiness and Career Enhancement Series

This series of workshops includes career progression planning, resume writing, interview skills, appropriate dress, and successful employee practices in the workplace.
